

## Anomaly Vineyards

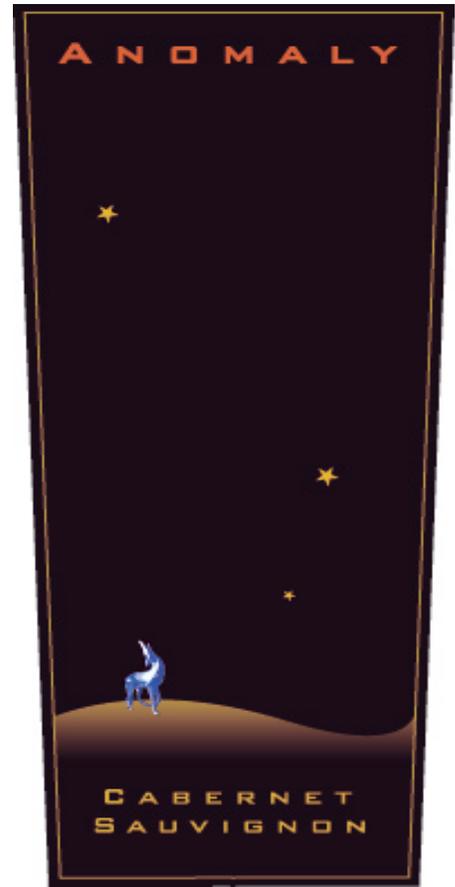

### 2011 Cabernet Sauvignon

Anomaly Vineyards is located at the base of the Mayacamas Mountains just west of the town of St Helena in California's Napa Valley. From our 8 acres of vineyards planted to the Bordeaux varietals Cabernet Sauvignon, Cabernet Franc and Petit Verdot, we specialize in the production of just one wine, the Anomaly Vineyards Cabernet Sauvignon.

Owners Steve and Linda Goldfarb serve as stewards of the property, while relying on Winemaker Mark Porembski to frame the grace of the vineyard in each successive vintage. Although drinking beautifully now, the 2011 Anomaly will continue to evolve in the cellar and could be held to age for a decade or more.

#### Winemaker's Tasting Notes:

*The 2011 growing season in Napa Valley got off to a late start. Rains in the spring and a temperate summer made for a long, mild season. Fortunately, fruit in St Helena was able to ripen just before the rains set in at the end of October. The 2011 Anomaly Vineyards Cabernet Sauvignon reflects that growing season: cool, crisp, and classic. The wine is incredibly dark and offers scents of lavender, rose oil, toasted almonds, and anise. The palate is fresh and vibrant; it reminds us of dark cherry, blackberry, and pomegranate. The wine is smooth throughout the palate; round, chewy tannins lend the wine structure and length.*
